Post vs page

WordPress posts are date-dependent and chronological and this separates them from pages which are date-independent and not really related to any other piece of content on the site. Posts were originally designed to be ordered by date, with a post you created yesterday logically appearing lower down the page than a post you make today. Newer posts are inserted at the top of the page, and older posts are pushed off the bottom.

Category in the website

Category: AUDI

quattro (meaning four in Italian) is the sub-brand used by the car brand Audi to indicate that all-wheel drive (AWD) technologies or systems are used on specific models of its Audi automobiles. The word "quattro" is a registered trademark of Audi AG, a subsidiary of the German automotive concern.
